May 22, 2015

To all concerned,

This is to express the support and endorsement from the Magnolia Chamber of Commerce for the work and objectives of Safe in Magnolia.

Based on the information we have received from businesses and citizens alike, the Magnolia Chamber of Commerce Chamber supports Safe in Magnolia's efforts to improve traffic safety. Safe in Magnolia is working to establish, at the intersection of 32<sup>nd</sup> Ave West and West Raye Street, a Right of Way Control, commonly known as a 4-way stop. This intersection, located by the Magnolia "Pop Mounger" pool and the east side of Catherine Blaine Elementary school, is known as "Near Miss Avenue" in the community. Two children have needlessly lost their lives and too many others have come extremely close. Let's not have another needless tragedy.

Our growing neighborhood is filled with families with preschool and elementary age children that use the both the school and the pool. We believe in Safe in Magnolia and their vision to create an intersection that is safe for the entire community.

It is our hope that you will join the Magnolia Chamber of Commerce in supporting Safe in Magnolia and their efforts to secure a Right of Way Control. Additional information is available at [SafeinMagnolia.com](http://SafeinMagnolia.com).

Respectfully,

Greg Carnese  
Executive Director, Magnolia Chamber of Commerce
