December 15, 2015

To Whom it May Concern,

As a an active church community in Magnolia, we support the Safe in Magnolia's efforts and actions to establish a Right of Way Control at the intersection of 32nd Avenue West and West Raye Street. We recognize this to be a busy crosswalk serving Pop Mounger Pool and the Catherine Blaine School. It is also the NE entry into the village which sees heavy pedestrian traffic.

Dedicated to being a Greening Congregation, we support the vision of a safe, walkable neighborhood, one in which the community is encouraged to leave their cars at home and walk as they engage in all that Magnolia has to offer.

It is our hope that you will join Magnolia United Church of Christ in supporting Safe in Magnolia and the efforts to secure a Right of Way Control.

Peace,

Charles H. Evans Moderator

Magnolia United Church of Christ Church Council
