

138 N 59<sup>th</sup> St  
Seattle, WA 98103  
February 4, 2016

To whom it may concern,

As I am you are sure to agree, one of the values our city likes to pride itself on is the safety of its citizens, whether they commute to work, school or fun by car, bus, bike, foot or any other mode of transportation.

With this in mind I would like to draw your attention to the intersection of 32<sup>nd</sup> Avenue West and West Raye Street in the Magnolia neighborhood of Seattle. It is an intersection that has been overlooked by the safe keepers of our city. It is a precarious and very busy intersection, that judging from the behavior of its users: cars, bikes and pedestrians alike; has no clear right of way control.

As long time patrons of the "Pop" Mounger Pool, I support and endorse the installations of stop signs at the intersection of 32<sup>nd</sup> Avenue West and West Raye Street, for the safety of all, but especially those that would lose the most in an accident, such as the children visiting "Pop" Mounger in the summer time. I urge you to move swiftly. There have been many close calls that could have been a tragedy, and I believe we have been very lucky that there have been no injuries thus far.

I urge you to listen to the citizens of Magnolia, led by the work of Safe in Magnolia, and the many other users of this intersection and make these changes to improve the safety of this intersection.

Let's be proactive and not reactive.

Sincerely,

Mignon Hoover  
Seattle, Wa
