

To whom it may concern.

I would like to express my support to “Establish Right of Way Control” otherwise known as a 4 way stop at the intersection of 32nd Ave W and Raye St in Magnolia.

I live in Ballard and I take my two young boys and their friends to the Pop Mounger pool throughout the summer. I have used this intersection as an example for my kids that a painted crosswalk does nothing to ensure your safety. Cars don't even seem to slow down when coming up to this section of 32nd.

Please add a 4 way stop now before another person gets seriously injured or killed.

Sincerely,

Daniel Walsh

10712 12th Ave NW
